GUIiSHEM Premium Nail Lacquer is a long lasting, high-gloss nail polish produced using the latest technology. Consisting of a Vegan formula produced in France, 5-free, Formaldehyde and cruelty free with properties like quickly drying, high pigmentation and long lasting.

Guishem nail polishes are also free of Xylene and Triphenyl Phosphate (TPHP). Each premium nail color comes in a custom made glass-bottle with a custom-made flat brush, which allows streak-free application. The polish goes on smoothly and it dries very quickly which is a good thing when you are always on the go like me:) I love the colors and highly recommend using this brand xoxo
